SUPPORT OUR NO CHILD BORN TO DIE CAMPAIGN

NO CHILD **BORN TO DIE**

Eight million children die every year from easily preventable causes, such as pneumonia or diarrhoea. Save the Children's 'No Child **BORN TO DIE**' campaign, calls for vaccinations to be made available for the world's poorest children – a move which could save a quarter of these children from dying.

Come join us for wine and canapés, and what will be a very pleasurable evening...a percentage of monies raised from your purchases will go towards saving children's lives!
